GENOS M660-V-E

Brand: Okuma Australia
Product Code: M660#V
Availability: In Stock
Weight: 0.00kg
Dimensions: 0.00cm x 0.00cm x 0.00cm

Short Description

The *GENOS M660-V* combines a large work table in a compact footprint, BT40 BIG-PLUS® spindle, and Intelligent Technology to cut large, complex parts.

Description

Highly rigid, thermally stable construction allows this 3-axis vertical machining center to withstand thermal deformation, resulting in reduced thermal growth and improved machining performance.

The *GENOS M660-V* combines a large work table in a compact footprint, BT40 BIG-PLUS® spindle, and Intelligent Technology to cut large, complex parts.

The larger table minimizes restrictions on workpiece size and tool length while leaving ample space to add rotary tables. This machine can handle a variety of materials, from

titanium to aluminum, and does so without sacrificing finish quality or productivity. Controlled by the open-architecture, user-friendly OSP-P control, our GENOS M660-V truly delivers affordable excellence.

Specification

MODEL	UNIT	GENOS M660-V-e
Travels (X-Y-Z)	mm	1500x660x660
Table	mm	1530x660
Spindle Speed	min-1	15000
Tool Storage	tools	32
Motor (VAC)	kW	22/18.5
Floor Space	mm	3035x3325
Weight	kg	11,000
