MB-80V

Brand: Okuma Australia

Product Code: MB#80V

Availability: In Stock

Weight: 0.00kg

Dimensions: 0.00cm x 0.00cm x 0.00cm

Short Description

The MB-80V is a high-accuracy bridge mill that is ideal for machining large parts.

Description

The MB-80V is a high-accuracy bridge mill that is ideal for machining large parts. This machine delivers cutting accuracy, high speeds, and powerful, heavy-duty cutting. With maximum quality and productivity, the MB-80V is well-suited for machining large components such as those used in semiconductor manufacturing equipment and automobile die/molds. Okuma's Thermo-Friendly Concept ensures accuracy, and efficient chip handling means reduced maintenance. Reduced cycle times are achieved with the MB-80V's powerful spindle and CNC controlled Hyper Surface technology. The intelligent design of this machine delivers maximum table size and productivity in a minimum footprint.

Specification

MODEL	UNIT		
Travels (X-Y-Z)	mm		
Table	mm		
Spindle Speed	min-1		
Spindle Taper			
Tool Storage	tools		
Motor (VAC)	kW		
Floor Space	mm
