Twin Star LT2000

Brand: Okuma Australia
Product Code: TSLT#2000
Availability: In Stock
Weight: 0.00kg
Dimensions: 0.00cm x 0.00cm x 0.00cm

Short Description

The LT2000 EX is Okuma's highly flexible and profitable twin spindle turning center in the 6-inch chuck class. With the ability to combine the upper and lower turrets with either spindle, this machine enables process flexibility, very high feature utilization and the ability to complete the greatest amount of primary and secondary machining possible in one compact platform.

Description

The LT2000 EX is Okuma's highly flexible and profitable twin spindle turning center in the 6-inch chuck class. With the ability to combine the upper and lower turrets with either spindle, this machine enables process flexibility, very high feature utilization and the ability to complete the greatest amount of primary and secondary machining possible in one compact platform. The machine can be specified in a large number of different configurations to maximize the benefits for specific circumstances. It is available in either

two or three turret versions, with or without Y axis, to provide best process balance and production throughput and integrated operations. This multi-function horizontal twin-spindle machine integrates lathe and mill/drill functions on all turrets. Thirty-two tool stations are available for either mill or lathe function for the twin-turret machine and forty-eight for the 3-turret machine.

Specification

MODEL	UNIT	TWIN STAR LT2000
Max Work Length	mm	960
Max Turning Dia	? mm	210
Spindle Speed	min-1	6000
Turret		U/L: M-V16-NC (Optional 3rd Turret: M-V16-NC)
Motor (VAC)	kW	11/7.5
Floor Space	mm	3216x2452
Spec		MY

T Turning only

M Multitasking specs (M-tool)

W Sub-spindle specs (W-axis)

MY Multitasking + Y-axis specs

MYW Multitasking + Y-axis + Sub-spindle specs (W-axis)
