V100R

Brand: Okuma Australia
Product Code: V#100R
Availability: In Stock
Weight: 0.00kg
Dimensions: 0.00cm x 0.00cm x 0.00cm

Short Description

The V100R vertical lathe increases productivity by providing stable machining of thin and odd-shaped workpieces.

Description

The V100R vertical lathe increases productivity by providing stable machining of thin and odd-shaped workpieces. The box-type base and column make a highly dependable, highly rigid structure and the headstock with flange construction minimizes the effects of thermal deformation and vibration - ensuring stable accurate cutting. The base is designed for smooth chip flow, and the optional chip conveyor can be placed for side or rear disposal to meet shop requirements. The ergonomical design includes easy access to the chuck and a front-skirt operation panel convenient for up-close jobs in addition to the swiveling pendant operation panel.

Specification

MODEL	UNIT	V100R
Max Work Length	mm	890
Max Turning Dia	? mm	1,000
Spindle Speed	min-1	1,250
Turret		V12
Motor (VAC)	kW	30/22
Floor Space	mm	2,725x3,495
Available CNC		Okuma OSP, Fanuc
